“Skills for School. Skills for Life.”

INVITATION / CALL FOR SUBMISSIONS

The LSPA Executive Council is soliciting specific proposals from members and guests for the following types of presentations related to the practice of school psychology. Please consider proposing one of the following:

- *Paper Presentation* - Papers are typically presentations that are 50-55 minutes in length and are selected for the conference via review by the members of the Executive Council.
- *Poster Presentation* - Posters are presented on a 4 x 4 panel in a mounted display and presenters then respond to questions and comments from persons interested in the poster topic during a general session. All posters are exhibited at the same time in a common area.

Submissions will be reviewed for relevance to conference theme, importance to the profession of school psychology, and in a manner that will accommodate as many presenters as possible. The goals are to facilitate an exchange of ideas and to give presenters an opportunity to share their scientific contributions to the field. Presenters are encouraged to present relevant data and literature references as the basis for their presentations.

Because Continued Professional Development (CPD) credits are offered during the conference, LSPA is also extending invitations to select speakers:

- *Invited Speaker* - Based on credentials and areas of expertise, speakers are invited to present for 80-90 minutes. Invited speakers will receive specific invitation from the LSPA Executive Council.
