

Enclosed please find a sample letter that could be sent to your senator or representatives in support of the NCSP supplement legislation. As always, thank Connie Cassels.

Dear Sen. ,

Please support SB 489 proposed by Sen. Nevers for the upcoming legislative session to require the Department of Education to fund the \$5,000 national-certification stipends for teachers, counselors, school psychologists, social workers, and speech pathologists/audiologists so that the LEA's will not be burdened with this expense. After all, the promise for the national-certification stipends came from the DOE, not the local school districts (LEA's). As always, thank you for your support! (You can read the proposed bill at the link below.)

Supervising School Psychologist
Parish Public Schools

Dear Rep. ,

Please support HB 274 proposed by Rep. Pope for the upcoming legislative session to require the Department of Education to fund the \$5,000 national-certification stipends for teachers, counselors, school psychologists, social workers, and speech pathologists/audiologists so that the LEA's will not be burdened with this expense. After all, the promise for the national-certification stipends came from the DOE, not the local school districts (LEA's). As always, thank you for your support! (You can read the proposed bill at the link below.)
